

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

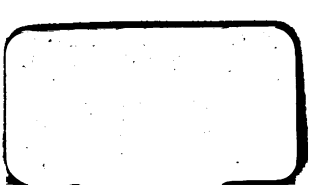

**About Google Book Search**

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # INTRODUCTION.

In introducing Vol. XI. of the Stud Book I have to thank, on behalf of the Kennel Club, the following gentlemen—Messrs. Brough, Tinne, Harding Cox, Fauntleroy, T. B. Bowers, R. O'Callaghan, S. E. Shirley, G. F. Lovell, M. Beaufoy, Arthur Carter, H. R. Farquharson, A. N. Radcliffe, F. Adcock, E. S. Tiddeman, J. Baty, G. R. Krehl, and Gambier Bolton—for the kind and able assistance they have given me in revising the different classes into which the Stud Book is divided.

The book is published rather later than last year, but this is owing to the larger number of shows that are now recognised by the Kennel Club, and consequently the greater number of dogs into whose pedigrees inquiries have to be made.

H. St. J. STEPHEN.

## CLUB RULES.

1. The Club shall be called the Kennel Club. It shall endeavour in every way to promote the general improvement of dogs, dog shows, and dog trials.

2. The Club shall consist of not more than three hundred members, exclusive of honorary members, to be increased from time to time as the members of the Club shall in general meeting decide.

3. The election of members is vested solely in the committee, and shall be by ballot, three members of the committee to be a quorum at such ballot, and two black balls to exclude.

4. Candidates must be proposed by one member of the Club, and seconded by another. The candidate's name, rank, residence, and profession or occupation, if any, must be duly inserted in the book of candidates. The proposer and seconder are held responsible for the eligibility of the candidate.

5. The entrance money on admission to the Club shall be five guineas, and the annual subscription shall be five guineas, payable in advance on the 1st of January in each year.

6. Every new member is expected to pay his subscription on receiving the official notification of his election; and if his subscription be not paid within two months, the committee shall order his name not to be

entered on the list of members of the Club until he shall have accounted for the delay to their satisfaction.

7. No newly-elected or supernumerary member shall be allowed to use the Club until his subscription is paid.

8. The secretary shall, on the 1st of February in each year, give written notice to any member who has not paid his subscription due on the 1st of January; and if the subscription is not paid by the 1st of March the member's name shall be posted in the Club House, and shall be removed from the list of members if the subscription remain unpaid on the 31st of March. No member shall be entitled to enjoy the privileges of the Club until he has paid his annual subscription.

9. Members abroad on military, naval, or other services of the Crown, may, on their application to the committee, become supernumerary members, and shall pay an annual subscription of one guinea, commencing from the 1st of January following their departure from the United Kingdom.

10. Any member who shall cease to belong to the Club, either by resignation or otherwise, shall have no claim upon, or be entitled to participate in, any of the effects or property belonging to the Club, nor to have any part of his annual subscription for the current year returned to him.

11. Any member violating the rules and regulations of the Club for the time being in force, shall be liable to be expelled by the committee; and any member of the Club who shall be proved to the satisfaction of the committee to have in any way misconducted himself in connection with dogs, dog shows, or trials, or to have in any way acted in opposition to the fundamental rules and principles upon which the Club has been established, or in any other manner which would make it undesirable that he should continue to be a member, shall be requested to retire from the Club; and if a resolution to that effect shall be carried by three-fourths of the committee present at the meeting, duly summoned to consider the case, the member so requested to retire shall thenceforth cease to be a member of the Club, as if he had resigned in the usual course, and shall not be entitled to have any part of his annual subscription for the current year returned to him.

12. No member of the Club shall, under any circumstances, knowingly either enter or exhibit a dog or dogs at any competition under a false name, age, pedigree, breeder, or description.

13. If the name of any member shall be officially published as a bankrupt, or insolvent debtor, or an outlaw, he shall *ipso facto* cease to be a member of the Club, and shall forfeit all right and claim upon the Club and its property; such person may, however, be re-admitted to the Club by the committee at their discretion.

14. No member shall take away from the Club-house, upon any

pretence whatever, any newspaper, pamphlet, book, or other article, the property of the Club.

15. All the concerns of the Club, and all arrangements for its management, shall be conducted by a committee consisting of twenty-one members, exclusive of the trustees, who shall be permanent members thereof.

16. The committee shall hold their regular meetings on the first Tuesday in every month when practicable, to transact the current business. Three shall form a quorum.

17. There shall be an annual general meeting of the Club held, if possible, during the week of the Club's Winter Show, and at the said meeting the one-third of the committee who have been longest in office shall retire. All retiring members of the committee shall be eligible for re-election.

18. The committee at their first meeting held after the annual general meeting in each year, shall elect a chairman from their own body, who shall, if present, take the chair at all meetings of the committee during the ensuing year; and at all meetings of the committee where the numbers are equal, the chairman of the committee shall have a casting vote in addition to his own vote.

19. The committee shall have the power to appoint sub-committees for any special object, and to delegate to such sub-committee the functions and powers of the committee relating thereto.

20. The committee shall have power to elect honorary members without admission fee or subscription at their discretion.

21. In the event of any vacancies occurring in the committee after the annual meeting, the committee shall have power of filling them up.

22. The committee may at their discretion call a general meeting of the Club at any time, giving not less than fourteen days' public notice by circular, specifying the object to which alone the discussion shall be confined.

23. Any vacancy or vacancies in the offices of trustees, secretary, or treasurer, shall be filled up by a specially summoned committee, which must not consist of less than seven members.

24. All complaints respecting provisions, wines, &c., shall be stated at the back of the bill and signed by the member complaining, for the notice of the committee; to whom also all complaints respecting the servants or domestic arrangements of the Club shall be addressed.

25. All members are required to pay their bills for every expense they incur in the Club before they leave the house, the servants having positive orders not to open an account with any member.

26. No game of hazard shall on any account be played in the Club house; no higher stake than one guinea shall be played for. Any deviation from this rule shall render the member liable to expulsion.

27. The Club house shall be open and ready for the reception of

members, and closed at such times as the committee shall arrange from time to time.

28. No member of the Club shall allow his name with the address of the Club attached thereto to appear in the advertisement or prospectus of any public company of which he may be a director or officer.

29. Each member shall communicate his address or that of his banker or agent, from time to time to the secretary; and all notices sent to such address shall be considered as duly delivered. If a member leaves no address, the Club shall be deemed his last known address.

30. As the payment of the subscription according to the rules and regulations will entitle the member to enjoy every benefit and privilege of the Club, such payment shall be his distinct acknowledgment of, and acquiescence in, the rules and regulations of the Club.

31. These rules and regulations shall be printed, and a copy of them shall be delivered to each member on his election, or transmitted to his address, but no member shall be absolved from the effect of these rules on any allegation of not having received them, or of ignorance of their contents.

32. Any infraction of the rules and regulations of the Club shall be taken immediate cognisance of by the committee.

# KENNEL CLUB RULES.

## REVISED JANUARY, 1884.

1. Every person who wishes to exhibit at any show held under the Kennel Club Rules, must at the time of entry clearly identify by name and age (if known) the dog he intends to exhibit; and the name of the sire and dam (if known) must be given, unless the dog has been entered in the Kennel Club Calendar and Stud Book; in which case it will be sufficient to mention him by his name and number only. If the dam was covered by more than one sire the names of all of them must be mentioned; and in cases where the pedigree of a dog is not known, he shall be entered at each show as "Pedigree unknown," unless his name has been duly registered in any published number of the Kennel Club Calendar and Stud Book; and every dog exhibited must be the *bonâ fide* property of the exhibitor in whose name he is entered, and must have been his or her *bonâ fide* property on the day of closing entries.

2. If the name of a dog which has won a prize has been changed, it is necessary in entering the said dog to give his old as well as his new name every time he is exhibited, until the change has been duly registered in the annual number of the Kennel Club Calendar and Stud Book; and if his name be changed again, all his names must be repeated for a like period.

3. Every dog exhibited at a show held under the Kennel Club Rules must, previous to the time of entry for such show, be entered in a registry of names kept by the Kennel Club at their offices, 6, Cleveland-row, St. James's, S.W. A charge of one shilling each dog will be made for registration. A name that has been already assumed and duly registered in the Kennel Club Registry, or entered in any published number of the Kennel Club Calendar and Stud Book, by the owner of a dog of the same breed, cannot be registered, unless by a distinguishing name or number. If the name of a dog is changed the new name will require to be registered also.

4. Dogs that are already entered in any published number of the Kennel Club Calendar and Stud Book are exempt from the above rule, provided their names remain unchanged Puppies exhibited in a class exclusively for litters of puppies are also exempt.

Digitized by Google

5. If a dog shall be entered without being clearly identified as before directed by rules 1, 2, 3, and 4, he shall forfeit any prize that may have been awarded him; and if the omission be detected in time he shall not be allowed to compete, and shall forfeit all entrance fees and subscriptions.

6. The committee or authorities of any show may reserve to themselves the right of refusing any entries they may think fit to exclude.

7. The breeder of a dog or bitch shall be considered to be the *bonâ fide* owner of the dam at the time she whelps. In cases, however, where a bitch is lent for breeding purposes, the person to whom the bitch is lent shall be considered the breeder of all puppies born during the period of such loan, provided he or she before the litter is born send to the Secretary of the Kennel Club a statement of the facts, signed by himself or herself and the owner of the bitch.

8. A castrated dog, or spayed bitch, shall be disqualified from competing, or from receiving a prize if awarded.

9. Total blindness shall absolutely disqualify; partial blindness shall have great weight against a dog. Should a dog appear to be deaf or lame it shall be disqualified, unless the owner can satisfy the judge that such defects are temporary.

10. Any person who is proved to the satisfaction of the committee of the Kennel Club to have been guilty of any fraudulent or discreditable conduct in connection with dogs, dog shows, or field trials, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of competing for or winning a prize at any show held under the Kennel Club Rules for such period as the committee of the Kennel Club may decide upon.

11. No dog shall be qualified to compete, or entitled to receive a prize, if awarded, who is suffering from mange, or any other form of contagious disease.

12. No person, except the duly qualified and appointed Veterinary Inspector, shall decide whether a dog is or is not suffering from mange or any other form of contagious disease. The Veterinary Inspector shall give his opinion to the secretary or committee of the show in writing, and shall do so before the close of the show.

13. A dog that has been exhibited or has won a prize in a class exclusively for puppies under twelve months old, is not thereby excluded from being exhibited in a class where previous prize-winners are not allowed to compete.

14. In estimating the number of prizes a dog has won, with reference to whether it should compete in a champion class or not, the number of prizes won shall be calculated up to 12 p.m. of the day previous to the day of closing entries for the show.

15. No dog shall be qualified to compete in a champion class that has

Digitized by Google

won less than three first prizes at shows registered in or for the Stud Books; and no dog shall compete in an open class that is qualified to compete in a champion class at any show where champion classes are provided for that breed.

16. No dog or bitch shall be entitled to be called a champion that has not won four first prizes at shows registered in or for the Stud Books, one of the four first prizes being in a champion class. A prize in a Variety Class, a prize in a Novice Class, an extra prize for the best of two or more classes, or a prize in a class exclusively for puppies under twelve months old, shall not count as a win. If a first prize winner is disqualified the next dog in order of merit as placed by the judge shall be considered first, and the win shall count in every respect the same as if it had been the original award. An equal champion, or first prize, shall be counted as a win to both dogs.

17. An objection to a dog may be made by any person; it must be made to the committee or secretary of the show at any time within fourteen days from the last day of the show. The objection must be in writing, and the objector must, unless in cases where the objection is laid by the committee of the Kennel Club, or by the regularly constituted committee of a show, in which cases a deposit shall not be necessary, at the same time lodge a sum of £1 in the hands of the committee or secretary, which deposit shall, if the objection is proved to be frivolous to the satisfaction of the committee of the Kennel Club, be forfeited.

18. In the above rules the word dog shall be interpreted to include both sexes.

# THE KENNEL CLUB FIELD TRIAL RULES.

## FOR THE GUIDANCE OF FIELD TRIALS OF SPORTING DOGS.

## REVISED OCTOBER, 1879.

---

### Management of a Meeting.

1. The management of a meeting shall be entrusted to a committee in conjunction with Field Stewards, the latter of whom shall be appointed by the committee before the time of running.

The stewards shall decide any disputed question by a majority of those present, subject to an appeal to the committee.

No steward shall vote during a meeting in any case relating to his own dogs.

### Election of Judges.

2. The judge or judges shall be elected by the committee, and their names shall be announced as soon as possible after their election. When a judge, from ill-health or any other unexpected cause, is prevented attending a meeting or finishing it, the committee shall have the power of deciding what is to be done.

### Description of Entry.

3. Every subscriber to a stake must name his dog at or before the draw, giving the names of the sire and dam of the dog entered, and also, in puppy stakes, the name of the dam's owner. The secretary shall publish on the card the names of those who are subscribers, but do not comply with these conditions. These nominations shall not be drawn, but must be paid for.

### Disqualification.

4. For Puppy Stakes, the names, pedigrees, ages, colours, and distinguishing marks of the puppies shall be detailed in writing to the secretary of a meeting at the time of entry. Any puppy whose age, markings, and pedigree shall be proved not to correspond with the entry given shall be disqualified, and the whole of its stakes or winnings forfeited.

Digitized by Google

DEFINITION OF PUPPY.

5. No dog is to be considered a puppy that was whelped before the 1st of January of the year preceding that of his competing.

PAYMENT OF STAKES.

6. All money due for nominations taken must be paid on or before the draw, whether the stake fill or not, and although from insufficient description or any other cause, the dogs named may be disqualified.

No entry shall be valid unless the amount due for it has been paid in full.

For all produce and other stakes where a forfeit is payable no declaration is necessary; the nonpayment of the remainder of the entry money at the time fixed for that purpose is to be considered a declaration of forfeit. The secretary is responsible for the entry money of all dogs whose names appear upon the card.

ALTERATION OF NAME.

8. If any subscriber should enter a dog by a different name from that in which it shall have last been known in public he shall give notice of the alteration to the secretary at the time of entry, and the secretary shall place on the card both the late and present name of the dog. If notice of the alteration be not given the dog shall be disqualified.

PREFIX OF "NS."

3. Any subscriber taking an entry in a stake, and not prefixing the word "names" to a dog which is not his own property, shall forfeit that dog's chance of the stake. He shall likewise, if requested, deliver in writing to the secretary of the meeting the name of the *bonâ fide* owner of the dog named by him, and this communication is to be produced should any dispute arise in the matter.

DEATH OF SUBSCRIBERS.

9. The death of a subscriber shall only affect his nomination if it occur before the draw, in which case, subject to the exceptions stated below, it shall be void, whether the entries have been made or not, and any money received for forfeits or stakes shall be returned. If he has parted with all interest in the nominations, and dogs not his property are entered, paid for, and drawn in ignorance of his being no longer alive, such entries shall not subsequently be disturbed. When dogs who have been entered in produce stakes change owners with their engagements and with their forfeits paid, the new owner, if otherwise entitled to run them in these stakes, shall not be prevented from doing so by reason of the death of the former owner.

POWER TO REFUSE ENTRIES.

10. The Committee or Stewards of any meeting may reserve to

Digitized by Google

themselves the right of refusing any entries they may think fit to exclude; and no person who has been proved to the satisfaction of the Committee of the Kennel Club to have misconducted himself in any way in connection with dogs, dog shows, or dog trials, will be allowed to compete in any trials that may be held under the Kennel Club Rules.

### The Draw.

11. Immediately before the dogs are drawn at any meeting, and before nine o'clock on every subsequent evening during the continuance of such meeting, the time and place of putting down the first brace of dogs on the following morning shall be declared. A card or counter bearing a corresponding number shall be assigned to each entry. These numbered cards or counters shall then be placed together and drawn indiscriminately. This classification, once made, shall not be disturbed throughout the meeting, except for the purpose of guarding, or on account of byes. Dogs whose position on the card has been altered in consequence of guarding or of byes must return to their original position in the next round if guarding does not prevent it.

12. The stakes shall be run in the order they are given in the programme, unless the whole of the competitors, or their representatives, in the various stakes may agree otherwise—in which case the order may be changed, with the consent of the Stewards or Committee.

### Guarding.

13. When more than one nomination in a stake is taken in one name the dogs, if *bonâ fide* the property of the same owner, shall be guarded throughout: this is always to be arranged, as far as possible, by bringing up dogs from below to meet those which are to be guarded. This guarding is not, however, to deprive any dog of a natural bye to which he may be entitled, either in the draw or in running through the stake.

### Byes.

14. A natural bye shall be given to the lowest available dog in each round. No dog shall run a second such bye in any stakes, unless it is unavoidable. When a dog is entitled to a bye, either natural or accidental, his owner or nominator may run any dog he pleases with him.

### Postponement of Meeting.

15. A meeting, appointed to take place on a certain day, may, if a majority of the Committee and Stewards (if appointed) consider the weather unfit, be postponed from day to day; but if the running does not commence within the current week, all nominations shall be void, and the expenses shall be paid by the subscribers, in proportion to the number of nominations taken by each. In the case of produce stakes, however, the original entries shall continue binding if the meeting is held at a later period of the season.

Digitized by Google

### Running in Order.

16. Every dog must be brought up in its proper turn, without delay under a penalty of 1*l*. If absent for more than a quarter of an hour, its opponent shall be entitled to claim the trial—and shall, in that case, run a bye. If both dogs be absent at the expiration of a quarter of an hour, the judge or judges shall have the power to disqualify both dogs, or to fine their owners any sum not exceeding 5*l*. each.

### By whom a Dog is to be Hunted.

17. An owner, his keeper, or deputy may hunt a dog, but it must be one or the other; and, when once the dogs are down, an owner must not interfere with his dog if he has deputed another person to hunt him.

### Method of Hunting.

18. The person hunting a dog may speak, whistle, and work him by hand as he thinks proper; but he can be called to order by the judges for making any unnecessary noise, and if he persists in doing so they can order the dog to be taken up, and he will be out of the stake. An opponent's dog may not be purposely interfered with or excited, or an appeal can be made to the judges; and if the opponent's dog points game, the other dog is not to be drawn across him to take the point, but if not backing of his own accord, he must be brought round behind the other dog.

Dogs must be hunted together, and their keepers must walk within a reasonable distance of one another. After a caution, the judge or judges may have the power to disqualify the dog whose keeper persists in neglecting this rule.

### Control of Dogs Competing.

19. The control of all matters connected with the dogs under trial shall rest with the judge or judges of the meeting, assisted in cases of peculiar difficulties by the stewards.

### Wearing Collars.

20. All dogs, when necessary, shall wear collars—the red for the highest dog on the card, whose place shall be on the left, the white for the lowest dog, whose place shall be on the right side.

### The Judge or Judges.

21. The judge or judges shall be subject to the general rules which may be established by the Kennel Club for his or their guidance. At the termination of each trial, he or they shall immediately proclaim his or their decision, either by word of mouth, or by the exhibition of a colour corresponding with that worn by the winning dog. No recalling or reversing of that decision shall be afterwards given on any pretext whatever.

Digitized by Google

LENGTH OF TRIALS.

22. The length of a trial shall be determined by the judge or judges. When he or they are satisfied that decided superiority has been exhibited by one of the contending dogs the trial should end.

INJURING A DOG.

23. If any subscriber or his servant shall, wilfully or by carelessness, injure, or cause to be injured, an opponent's dog during a trial, the owner of the dog so injured shall (although the trial be given against him) be deemed the winner of it, or shall have the option of allowing the other dog to remain and run out the stake, and in such case shall be entitled to half its winnings, if any.

"NO-TRIALS" AND "UNDECIDEDS."

24. A "no-trial" is when, by accident or some other unforeseen cause, the dogs are not tried together.

"An undecided" trial is where the judge or judges consider the merits of the dogs equal. If either is then drawn the owners must at the time declare which dog remains in.

A "no-trial" or an "undecided" may be run again immediately, or at such a time during the meeting as the judge or judges may direct If it stands over until the next day it shall be the first trial run.

WITHDRAWAL OF DOG.

25. If a dog be withdrawn from a stake on the field, its owner, or some one having his authority, must at once give notice to the secretary or stewards. If the dog belong to either of these officials the notice must be given to one of the others.

IMPUGNING THE JUDGE.

26. If any subscriber openly impugns the decision of the judge or judges on the ground, he shall forfeit not more than 5*l*., or less than 2*l*., at the discretion of the majority of the stewards.

STAKES NOT RUN OUT, AND ARRANGEMENTS MADE THEREON.

27. When two dogs remain in for the deciding trial, the stake shall be considered divided if they belong to the same owner, or to confederates; and also if the owner of one of the two dogs induces the owner of the other to draw him for any consideration; but if one of the two be drawn without consideration (from lameness, injury, or from any cause clearly affecting his chance of winning), the other may be declared the winner, the facts of the case being clearly proved to the satisfaction of the stewards. The same rule shall apply when more than two dogs remain in at the end of a stake which is not run out; and in case of a division between three or more dogs, of which two or more belong to the same owner, these latter shall be held to take equal shares of the total amount

received by their owner in the division. The terms of any arrangement to divide winnings, and the amount of any money given to induce the owner of a dog to draw him, must be declared to the secretary.

### Objections.

28. An objection to a dog may be made to the secretary or to any one of the stewards of a meeting at any time within ten days of the last day of the meeting, upon the objector lodging in the hands of such steward or secretary the sum of 5*l*., which shall be forfeited if the objection prove frivolous, or if he shall not bring the case before the next meeting of the Kennel Club Committee, or give notice to the secretary previous thereto of his intention to withdraw the objection. The owner of the dog objected to must deposit equally the sum of 5*l*. and prove the correctness of his entry or case. All expenses in consequence of the objection shall be borne by the party against whom the decision is given. Should an objection be made which cannot at the time be substantiated or disproved, the dog may be allowed to compete under protest, the secretary or stewards retaining his winnings until the objection has been withdrawn, or heard and decided. If the dog objected to be disqualified, the amount to which he would otherwise have been entitled shall be divided equally among the dogs beaten by him, and if a piece of plate or prize has been added and won by him, only the dogs which he beat in the several rounds shall have a right to contend for it.

### Defaulters.

29. No person shall be allowed to enter or run a dog in his own or any other person's name who is a defaulter for either stakes, forfeits, or bets, in connection with field trials or dog shows, or for money due under an arrangement for a division of winnings, or for penalties regularly imposed for the infraction of rules by the stewards of any meeting, or for any payment required by a decision of the Kennel Club, or for subscriptions due to any club entitled to acknowledgment by the Kennel Club. As regards bets, however, this rule shall only apply when a complaint is lodged with the secretary of the Kennel Club within six months after the bet becomes due. On receipt of such complaint the secretary shall give notice of the claim to the person against whom it is made, with a copy of this rule, and if he shall not pay the bet or appear before the next meeting of the Kennel Club and resist the claim successfully, he shall be considered a defaulter.

### Ineligible Persons.

30. Any person who is proved to the satisfaction of the Kennel Club Committee to have been guilty of any fraudulent or discreditable conduct in connection with dogs, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of entering a dog in his

own or any other person's name during any subsequent period that the club may decide upon.

UNFITNESS TO COMPETE.

31. Should any dog be considered by the judges of a meeting unfit to compete by reason of being on "heat," or having any contagious disease. or any other cause which clearly interferes with the safety or chance of winning of his opponent, such dog shall be disqualified.

N.B.—In the foregoing rules the term "dog" is understood to mean both sexes.
